

# Alvin Oon

## Professional Master of Ceremony

Alvin is a unique talent as he possesses experience and strong knowledge in the entertainment industry. Having been a full-time performer at Haw Par Villa during his show formative years, he underwent drama, dance and music training. His job then, required him to perform to an international audience daily in musicals, street theatre, comedy, mascot shows, lion dance and even stilt-walking! He was then promoted to a show producer writing scripts and music for Singapore's first theme park and then on his own, moved on to producing more shows and music in Singapore and the region.

He is a much sought after host as he combines his good strong voice, decent looks, quick wit, easy-going nature and event awareness to provide a professional, fun and polished performance for his clients.

Having done so many and diverse types of shows for more than a decade, from parades and concerts at the National Stadium, to formal events for Presidents, Prime Ministers and foreign delegates, to product launches & talk shows, to children's shows & parties, Alvin has the personality and experience to host your event with confidence.
